

F. No.7-9/2014/MM-I/OS/CA(Pt.)
Department of Agriculture & Cooperation
Ministry of Agriculture
(Oil Seeds Division)

Shastri Bhawan, New Delhi
Dated: 10th March, 2015

To
The Chairman-cum-Managing Director,
National Seed Corporation Ltd.,
Beej Bhawan, Pusa Complex,
New Delhi -110012.

Subject: Seed production of improved varieties of mustard-reg.

Sir,

I am directed to inform that a "Mustard Seed Production Mela" sponsored by DAC was jointly organized by Directorate of Rapeseed-Mustard Research (DRMR), Bharatpur ICAR and Pt. Deen Dayal Upadhyaya Pashu-Chikitsa Vigyan Vishwavidyalaya evam Go Anusandhan Sansthan (DUVASU) at Madhuri-Kund Farm, Mathura on 3rd March, 2015. Quality seed production of new mustard varieties namely RH-0749 and NRCDR-2 over an area of about 100 acres was demonstrated to the farmers of Haryana, MP, Rajasthan and UP. These varieties have shown good yield potential even under high saline conditions in Mathura district.

In order to increase the production and productivity of mustard, it is suggested that the certified seed production of these varieties along with other newly developed varieties may be organized by NSC during next Rabi season. It has also been decided that seed minikits of these varieties may also be supplied during next Rabi season subject to availability of seeds of these varieties with NSC.

Yours faithfully,

(Anupam Barik)

Addl. Commissioner (Oilseeds)
